Step 7: Jira has been created successfully with MYSD-00, and you can track the same on the portal.

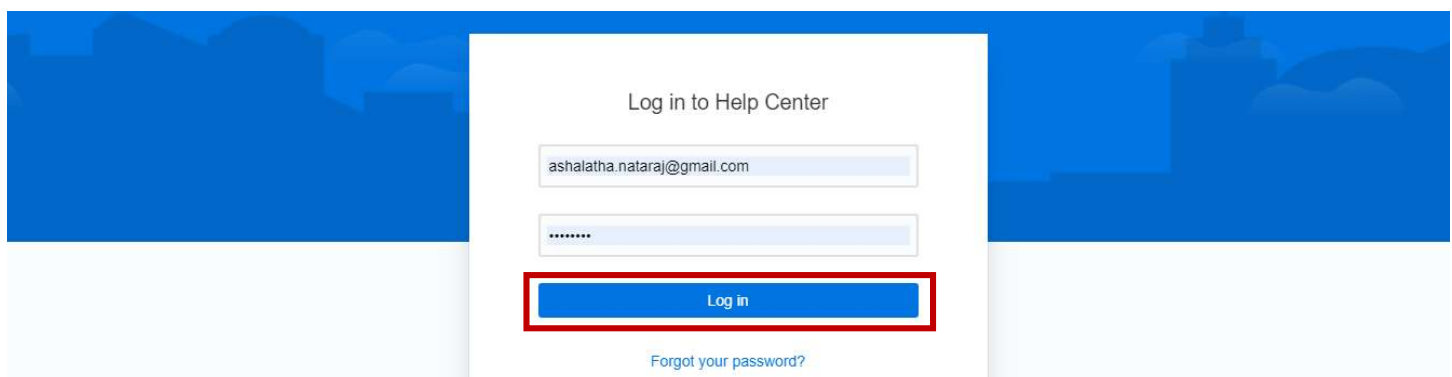

- Add comments for any updates on the JIRA raised.

The screenshot displays the Jira Service Management interface. At the top, the breadcrumb navigation shows 'Help Center / MYSD / MYSD-56'. The ticket title is 'Error in Revalidation API "Invalid FareSourceCode"'. The ticket was raised by 'Asha' on 'Today 9:52 AM'. The status is 'WAITING FOR SUPPORT'. The ticket details include: 'MCN / Account No' (MCN001780), 'Specify the Environment' (LIVE), 'Summary' (While performing Revalidation API we are receiving an error as "Invalid FareSourcecode" can you please check and advise the cause for the failure. Attaching the Revalidation Request and Response logs for your review.), and 'Specify the API Name' (Revalidation API). The 'Request type' is 'Technical support'. The ticket is 'Shared with' 'Asha' (Creator). The 'Activity' section shows two attachments: 'AirRevalidateRQ.xml' (518 B, 0.5 kB) and 'AirRevalidateRS.xml' (15 KB, 15 kB). At the bottom, there is a red-bordered box containing a user icon and the text 'Add a comment'. The footer indicates 'Powered by Jira Service Management'.

Step 8: You can login with your email ID and Password.

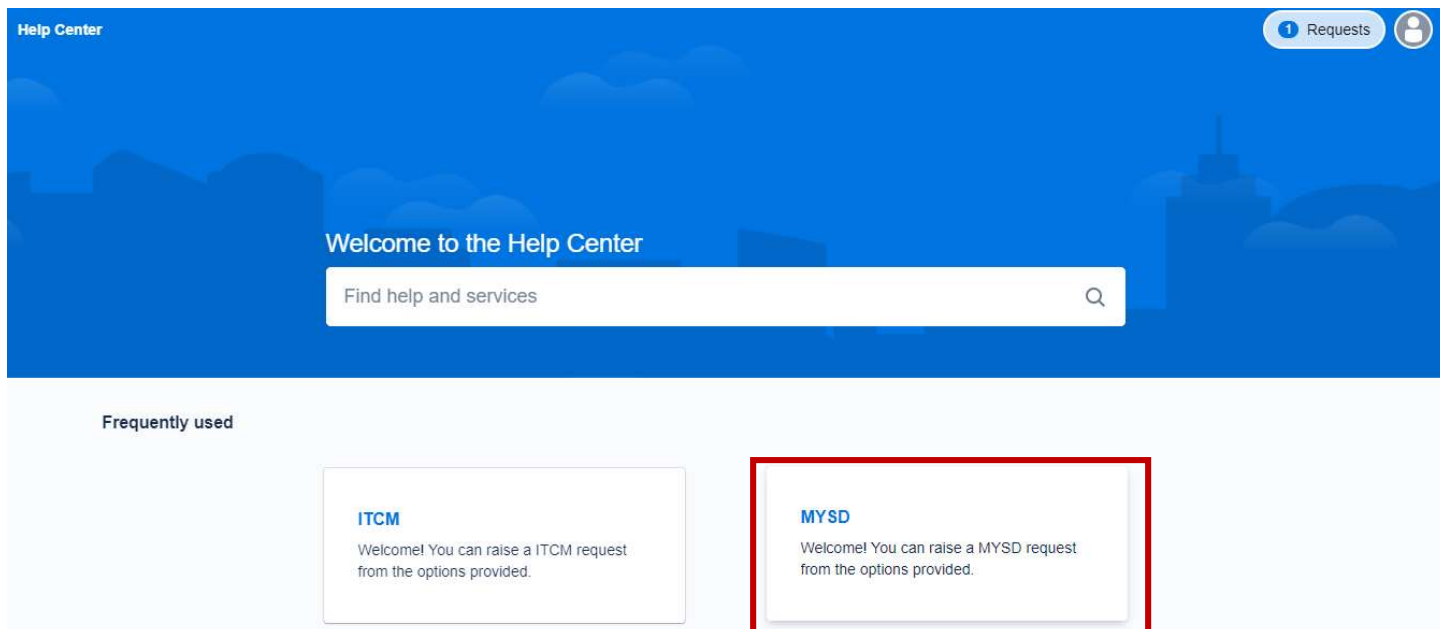

- URL: <https://mystifyljiradesk.atlassian.net/servicedesk/customer/user/login?page=1&statuses=open>

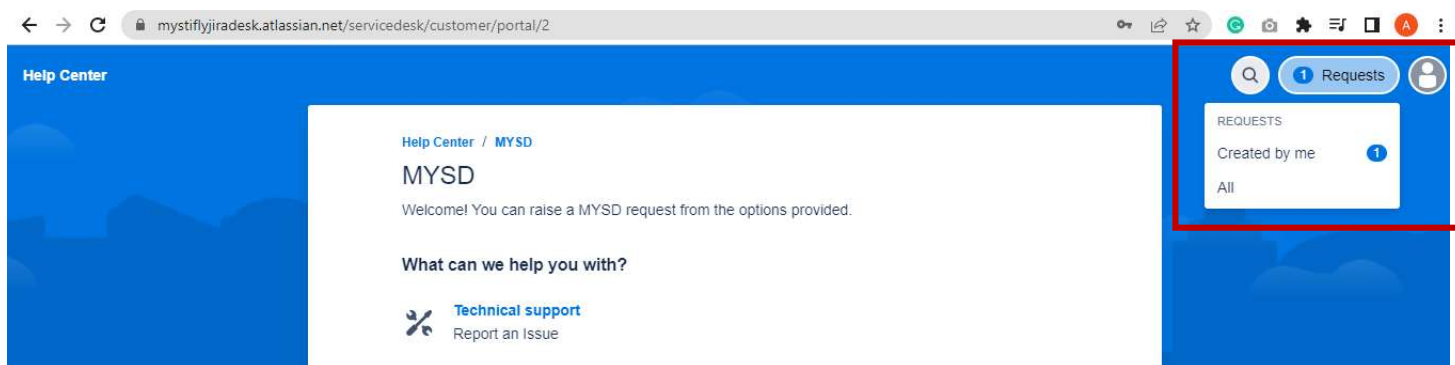

The screenshot shows the 'Log in to Help Center' login form. It has two input fields: one for the email address 'ashalatha.nataraj@gmail.com' and another for the password, represented by dots. Below the password field is a red-bordered box containing a blue 'Log in' button. At the bottom, there is a link that says 'Forgot your password?'.

Step 9: once you login the below screen would appear.

a. Always select MYSD project

b. Click on Request to view all the open items created from your login.

c. Click created by me option (to view all the items reported from your login).
